[Terceira Parte]

Look, take the lead, follow me, what s it gonna be?
How you playin hard to get when you hollered me?

I take Chanel to Chanel for a shopping spree
Home girl, only right she in a proper tee
What I want and need, you and a sofa
I fly in a spaceship, I got a Land Rover
Casa Cruz, Casa Blanca, Casanova
I m a fashionista, she in Fashion Nova
And a mad persona when I had her over
The outfit, it cost bread, I got the matching loafers
Why? Cause that s suttin to do
I got a million and two but they re nothin on you, nah

[Refrão]

I was rolling up something with you
Kickin back in a way that we do
I got everything I need in this room
Smoke clouds and a scent of perfume
And all my friends are in the club
And they keep ringin my phone
But they ain t got nothing on you
And you ain t got nothing on you
