Intro
LA

```
                  SOL          MIm
I found a love for me
                              DO                                RE
Darling just dive right in, and follow my lead
                          LA                    MIm
Well I found a girl beautiful and sweet
                        DO                                        RE
I never knew you were the someone waiting for me.

                                                    SOL
Cause we were just kids when we fell in love
                      MIm
Not knowing what it was,
                   DO                    SOL  RE
I will not give you up this time
                        SOL                                  MIm
But darling just kiss me slow, your heart is all I own
                        DO                      RE
And in your eyes you&#8217;re holding mine.

        MIm   DO            SOL
Baby, I&#8217;m dancing in the dark,
        RE                    MIm
with you between my arms
RE                  SOL          RE                    MIm
Barefoot on the grass, listening to our favorite song
                      RE                      SOL
When you said you looked a mess,
                        RE                MIm
I whispered underneath my breath
                  RE                SOL            RE          SOL
But you heard it, darling you look perfect tonight.

MI  MIm  RE  DO  RE

                              SOL                              MIm
Well I found a woman, stronger than anyone I know
```

```
                        DO
She shares my dreams,
                                                  RE
I hope that someday I'll share her home
                  SOL              MIm
I found a love, to carry more than just my secrets
                  RE                          RE
To carry love, to carry children of our own.

                                      SOL
We are still kids, but we're so in love,
                      MIm
fighting against all odds
                              DO              SOL   RE
I know that we'll be alright this time
                  SOL                                  MIm
Darling just hold my hand, be my girl, I'll be your man
                  DO              RE
I see my future in your eyes.

            MIm    DO            SOL
Baby, I'm dancing in the dark,
        RE                    MIm
with you between my arms
RE                SOL      RE                      MIm
Barefoot on the grass, listening to our favorite song
              RE                  SOL
When I saw you in that dress,
                      RE      MIm        RE
looking so beautiful I don t deserve this,
              SOL          RE          SOL

I have faith in what I see
