                                Em
White lips pale face breathing in snowflakes
Burnt lungs sour taste
               Em
Maybe I ll get drunk again
       Em
I ll be drunk again
        Em
I ll be drunk again
                 C D
To feel a little love
I found your hair band on my bedroom floor
The only evidence that you d been here before
And I don t get waves of missing you anymore
They re more tsunami tides in my eyes
           Em
And you re strumming on my heart strings like you were a grade 8
But I ve never felt this way
                                  G
I ll pick your feet up off of the ground and never ever let you down
I should ink my skin with your name
Cause you are my one and only, you can wrap your fingers round my thumb
And hold me tight
This is the start of something beautiful
This is the start of something new
