Face me, are you tired of living? Replace, she was so unforgiving
Bm G A
And I m so frustrated, so dilated And she s telling me I ve wasted my time
Bm G
And I m running back like, just to face the facts right
A
To tell me your voice takes me through the night

Bm G A Bm
Your smile and your memory Simply eases me to sleep
G A Bm
In my ear while the whispering Melts my heart on every beat
G A Bm
Still you re singing lullabies and postcards to this place
G A F#m Bm
And we re asking for so much more
G A F#m Bm
Now you re bringing smiles and laughter to this face
G A F#m Bm
While bad memories are in pieces on the floor
