Spark
Ed Sheeran

```
Intro
| Ebm    C#  | B    F#/G#  |
Ebm          C#                      B
 We ve been lost for a long time
F#/G#                      Ebm
In a rut, no escape signs
C#                              B     F#/G#    Ebm
And, for love, we were so blind
C#                      B
Oh, I hate to see you cry
  F#/G#                              Ebm
There ve been times where the truth lied
 C#                       B     F#/G#
Now it s clear as a blue sky

       G#m      F#                   C#
Like a bandaid over deeper cuts, we tried
          G#m          F#               C#
We couldn t stop the fate descending on the night

Ebm     C#                B
     We ll build a fire
F#/G#         Ebm
And torch our old lives
C#                B          F#/G#    Ebm
 And hope the spark survives
C#                     B
Use words as kindling
 F#/G#            Ebm
Light up the night sky
 C#                   B
Let the memories take flight
F#/G#              Ebm         C#     B
 And hope the spark survives
 F#/G#                    Ebm           C#     B    F#/G#
Yeah, we hope the spark survives

Ebm    C#                              B
     Oh, I wonder, will we pull through?
F#/G#                    Ebm
All we ever do is argue
     C#                      B     F#/G#    Ebm
With not a lot, but we make do
 C#                          B
```

```
How I wish you wouldn t say that
  F#/G#                                    Ebm
There are things you can t take back
  C#                                    B       F#/G#
When you leave, I always face facts

        G#m                 F#                 C#
Like a hand that s trying to hold the water back
              G#m       F#                    C#
We couldn t stop the ocean leaking in the cracks

Ebm     C#                  B
      We ll build a fire
F#/G#             Ebm
And torch our old lives
C#                  B            F#/G#     Ebm
 And hope the spark survives
C#                  B
Use words as kindling
 F#/G#              Ebm
Light up the night sky
 C#                    B
Let the memories take flight
F#/G#                Ebm          C#      B
 And hope the spark survives
 F#/G#                    Ebm           C#      B     F#/G#
Yeah, we hope the spark survives

 Bbm
  We ve taken roads (Oh, we ve taken roads)
C#                    F#
 That led to confusion
                         C#          G#
But right now that don t matter at all (Na, na)
 Bbm
  We ll bring it back (Yeah, we ll bring it back)
C#                   F#
 Our love s no illusion
                      C#          G#         Ebm
The higher we go, the harder we fall, and now

 C#                 B
We ll build a fire
F#/G#                Ebm
And torch our old lives
C#                  B            F#/G#     Ebm
 And hope the spark survives
C#                      B
Use words as kindling
 F#/G#              Ebm
Light up the night sky
 C#                    B
Let the memories take flight
```

```
F#/G#                    Ebm          C#        B
 And hope the spark survives
  F#/G#                   Ebm    C#        B
Yeah, we hope the spark    survives
  F#/G#                        Ebm          C#        B        F#
Yeah, we hope the spark survives
```
