

The Man
Ed Sheeran

(Em7 Am G6 F)

Em7 Am
Now I don't want to hate you
G6
Just wish you'd never gone for the man
F
And waited two weeks at least
Em7
Before you let him take you
Am
I stayed true
G6
I kind of knew you liked the dude from private school
F
He's waiting for the time to move
Em7
I knew he had his eyes on you
Am
He's not the right guy for you
G6
Don't hate me 'cos I write the truth
F
No I would never lie to you
Em7
But it was never fine to lose you
Am
And what a way to find out
G6 F
It never came from my mouth
You never changed your mind
Em7 Am
But you were just afraid to find out
G6
But f- it, I won't be changing the subject I love it
F Em7
I'll make your little secret public it's nothing
Am
I'm just disgusted with the skeletons you sleep with
G6 F
In your closet to get back at me
Trapped and I'm lacking sleep
Em7 Am G6
Fact is you're mad at me because I backtrack so casually
F
You're practically my family
Em7 Am

If we married then I ll guess you d have to be

G6

But tragically our love just lost the will to live

F

But would I kill to give it one more shot

Em7

I think not

Am

I don t love you baby

G6 F

I don t need you baby

Em7 Am

I don t want you no

G6 F

Any-more

Em7 Am

I don t love you baby

G6 F

I don t need you baby

Em7 Am

I don t want you no

G6 F

Any-more

Am

Recently I tend to zone out

Up in my headphones to Holocene

G6 F

You promised your body but I m away so much

Em7

Am

I stay more celibate than in a monastery

G6

Im not cut out for life on the road

F

Cos I didn t know I d miss you this much

Em7

Am

And at the time we d just go, so sue me

G6

I guess I m not the man that you need

F

Ever since you went to uni

Em7

Am

I ve been sofa surfing with a rucksack

G6

Full of less cash and I guess that could get bad

F

Em7

But when I broke the industry that s when I broke your heart

Am

I was supposed to chart and celebrate

G6

But good things are over fast

F

I know it was hard to deal with and see this

Em7

Am

I tend to turn you off and switch on my professional features

G6

F

Then I turn the music off

Em7

Am

And all I m left with is to pick up my personal pieces, Jesus

G6

I never really want to believe this

F

Got advice from my dad and he

Em7

Am

Told me that family is all I ll ever have and need

G6

I guess I m unaware of it

F

Em7

Success is nothing if you have no one left to share it with

Am

I don t love you baby

G6

F

I don t need you baby

Em7

Am

I don t want you no

G6 F

Any-more

Em7

Am

I don t love you baby

G6

F

I don t need you baby

Em7

Am

I don t want you no

G6 F

Any-more

Em7

Am

And since you left I ve given up my days off

G6

It s what I need to stay strong

F

Em7

I know you have a day job But mine is 24/7

Am

G6

I fell like writing a book I guess I lied in the hook

F

Em7

Cos I still love you and I need you by my side if I could

Am

G6

The irony is if my career and music didn t exist

F

Em7

In six years yeah you d probably be my wife with a kid

Am **G6**
 I m frightened to think if I depend on cider and drink
F **Em7**
 And lighting a spliff I fall into a spiral and it s
Am **G6**
 Just hiding my misguiding thoughts that I m trying to kill
F
 And I d be writing my will before I m 27
Em7 **Am** **G6**
 I ll die from a thrill Go down in history as just a wasted talent
F **Em7** **Am**
 Can I face the challenge Or did I make a mistake erasing
G6
 It s only therapy My thoughts just get ahead of me
F **Em7** **Am**
 Eventually I ll be fine I know that it was never meant to be
G6
 Either way I guess I m not prepared
F
 But I ll say this:
Em7 **Am**
 These things happen for a reason and you can t change
G6
 Take my apology I m sorry for the honesty
F
 But I had to get this off my chest

Am
 I don t love you baby
G6 **F**
 I don t need you baby
Em7 **Am**
 I don t want you no
G6 **F**
 Any-more

Em7 **Am**
 I don t love you baby
G6 **F**
 I don t need you baby
Em7 **Am**
 I don t want you no
G6 **F**
 Any-more

(**Em7** **Am** **G6** **F**)
