Eddie Vedder - Goodbye

This is played on a ukulele so it sounds a lot different on guitar but this is the closest I could get to sounding like it! Hope you enjoy!

I guess that this is goodbye

my dreams suddenly seem so empty  
I could go on my own, but I feel like playin dead  
and for what feels like the first time  
I don t know where you are tonight  
I guess that this is goodbye

we lived half our lives together  
a hundred years is a lot of weight to bear  
and the sun, it may be shining  
there s an ocean in my eyes  
cause I know that this is goodbye  
cause I know that this... is goodbye
