

Night Train
Eddplant

I figured this out by ear, so sorry if some of it is wrong.

G **D**
Pale snow white with cherry lips

Your taste will linger

C
like the last time

G
The shadows neath your eyes

D
hide under thick black lines

C
that draw me in

G **D**
I m alive in broken moments

but mostly living for the

C
sparkling gold that flecks

G
the ocean of your eyes

C
Those shining promises

D
Relieve me of my senses

C
and I simply smile

G **C** **D** **G**
Sing to me; your voice is all I strain to hear

C **D** **G**
Talk to me - for conversation keeps you near

D
Kiss me gently, I will hold you

C
til the night train comes

G **D**
Open hearts and zipped down jeans

our passion s stilted

C
by the fear of being caught

G
Or fear of growing close

D
and never letting go

C
I crossed your lines

G
Throw words around

D
and skirt around the ones that matter

C
Decide it isn't time,

G D
Not now, not yet

G
But you don't leave

D
You don't leave

C
Well please don't leave

G C D G
Sing to me; your voice is all I strain to hear

C D G
Talk to me - for conversation keeps you near

D
Kiss me gently, I will hold you

C
til the night train comes

D
And all this waiting

C
All this suppression

G
I don't know what it's doing to you

D
But it's killing me

G
And when the night train comes

D
we're still talking about us

C
and when you realise

you quickly take your leave

G

At the bus stop we are silent

D

we barely touch

C

But inwardly I m crying out

G

As the bus comes round the corner

D

We make fleeting goodbyes

C

and with a kiss you re gone

G

until the next time

And I m left hoping

D

I m left hoping

C

Hoping I ll see you again

G
