

The First Star Eddplant

This is one of my favourite songs by Eddplant. I couldn't find the chords for this song, I thought I'd figure them out by myself. And Cadd9 is optional. It just sounds good, anyway

Capo 4th! If you haven't got a capo, transpose the chords, like this:

G = A
D = E
Em = F#m
C = D

Intro: **G, D, Em, D, C**

G
Do you remember
D
That cold november night
Em D, C
I held you close
G
Evenings in revelry grow old,
D
but your words forever soothe me
Em D
Is it you that's making this hard?
C
I can't imagine moving on

G D
Star light, star bright
Em D
The first star you see tonight
C
may not be a star
G
And wishing never gets you that far

Intro Twice
(=**G, D, Em, D, C, G, D, Em, D, C**)

G
It's not a matter of
D
who loves who,
I think we're both agreed

Em **D, C**
that loveâ€™s not on the cards

G
Weâ€™re talking chemistry

D
and open-ended conversations

Em **D**
I never promised myself to you

Em
But I wish you would

D, C, Cadd9, Em, D, C, Cadd9

CHORUS

Instrumental chorus with same chords, Cadd9 in the end
(= **G, D, Em, D, C, G, D, Em, D, C, Cadd9**)

G **D**
Star light, star bright

Em **D**
The first star you see tonight

C
may not be a star **G**
And wishing never gets you that far

D **Em**
But if it could, you know I would

C
wish for you

D **G**
And wish that youâ€™d wish for me too
