

**The First Star**  
**Eddplant**

This is one of my favourite songs by Eddplant. I couldn't find the chords for this song, I thought I'd figure them out by myself. And Cadd9 is optional. It just sounds good, anyway

Capo 4th! If you haven't got a capo, transpose the chords, like this:

**A = B**  
**E = F#**  
**F#m = G#m**  
**D = E**

Intro: **A, E, F#m, E, D**

**A**  
Do you remember  
**E**  
That cold november night  
**F#m** **E, D**  
I held you close  
**A**  
Evenings in revelry grow old,  
**E**  
but your words forever soothe me  
**F#m** **E**  
Is it you that's making this hard?  
**D**  
I can't imagine moving on

**A** **E**  
Star light, star bright  
**F#m** **E**  
The first star you see tonight  
**D**  
may not be a star  
**A**  
And wishing never gets you that far

\*Intro Twice\*  
(=**A, E, F#m, E, D, A, E, F#m, E, D**)

**A**  
It's not a matter of  
**E**  
"who loves who",  
I think we're both agreed

**F#m** **E, D**  
that loveâ€™s not on the cards

**A**  
Weâ€™re talking chemistry

**E**  
and open-ended conversations

**F#m** **E**  
I never promised myself to you

**F#m**  
But I wish you would

**E, D, Dadd9, F#m, E, D, Dadd9**

\*CHORUS\*

\*Instrumental chorus with same chords, Cadd9 in the end\*  
(= **A, E, F#m, E, D, A, E, F#m, E, D, Dadd9**)

**A** **E**  
Star light, star bright

**F#m** **E**  
The first star you see tonight

**D**  
may not be a star **A**  
And wishing never gets you that far

**E** **F#m**  
But if it could, you know I would

**D**  
wish for you

**E** **A**  
And wish that youâ€™d wish for me too
