

We Parted
Eddplant

First verse (picked)

B Fm E
Late at night in good company,
B Fm E
we talked of idleness and injury
B Fm E
Problems and feelings shared
B Fm E
now more than halved
B Fm
The stereo, two rooms away
E
repeated songs weâ€™d hear again
B Fm
and every song became
E
a song about love

G# Fm
You were hesitant, and I was naive
G# Fm
I was adamant, and you had to concede
E
We were close,
G#
but not as close as we
Fm
might have come to be

B Fm
One thing led to another,
E
as the song always goes,
B Fm
and we lay there in bed
E
down to the last of our clothes
B Fm E
And by the way I tried to say I love you,

B Fm E
I held you close and gave you sympathy,
B Fm E
such little thanks for all you did for me
B Fm E
But mineâ€™s a caring heart,

B Fm E

and yours was broken

B Fm

The stereo, two rooms away

E

repeated songs weâ€™d hear again

B Fm

and every song became

E

a song about love

B Fm

One thing led to another,

E

as the song always goes,

B Fm

and we lay there in bed

E

down to the last of our clothes

B Fm E

And by the way I tried to say I love you,

B Fm

but the words got jumbled up

E

and I just kissed you again

B Fm E

And it was over before it started,

B

and we parted
