EDEN - nowhere else

Key: Dm

Capo: 3

[Verse 1]

Bm **F#m** **G**
You been confusing since the day I met you
Em **F#m** **G**
Another night chasing, this feels like home
Bm **F#m**
Since I ve been miles away, no change
G
Outsider inside looking dazed
Em **A2** **G**
Just wash the glitter off your face and go home
Bm **F#m** **G**
Winter sun throwing shadows long and low, so
Bm **F#m** **G**
How strange to think that we were strangers once
Bm
At square one
F#m **G**
I guess it s on me, I want more than I ve got
Em **A2** **G**
But I can t ask you for the things you don t feel
Don t

[Pre-Chorus]

G **D** **A**
Cause I don t want no fake love, fake love, fake love
Bm **F#m** **G**
I don t wanna know no fake friends, forced smiles, or favors
Em **D** **A**
And I don t wanna know no fake love, fake love, fake love
Em
Just say what you wanna say

[Chorus]

G D A
And I ll still be there
Bm **F#m** **G**
It s easy when you ve nothing to lose
Em D A

And I ll still be here
Cause I ve got nowhere else

[Verse 2]

Yeah, she told me love me fast but take it slow
I said I m going nowhere fast as hell
And keeping with the times we gotta keep in on the low
Midnight habits burning through the summer since the snow, and
I finally feel myself again
It s been so long, I thought I d seen the end
But I guess you need ends to begin again
And again, and again
Cause this is nothing we ain t seen before
I lived through it, I ain t overdosed
The sky is falling like it always does
So I guess we ll see if someone s watching over us
So let it rain, the clouds look heavy, but they bear no weight
The scars can t hurt you and the bruises will fade

[Pre-Chorus]

Cause I don t want no fake love, fake love, fake love
I don t wanna know no fake friends, forced smiles, or favors
And I don t wanna know no fake love, fake love, fake love
Just say what you wanna say

[Chorus]

And I ll still be there
It s easy when you ve nothing to lose

And I ll still be here
Cause I ve got nowhere else

[Outro]

Cause I don t want no fake love, fake love, fake love
I don t wanna know no fake friends, forced smiles, or favors
And I don t wanna know no fake love, fake love, fake love
Just say what you wanna say, yeah
