G#m **B** **E**

So hold on if you want

G#m
I don t wanna play this, no

B **C#m**
I don t have the patience

And last year was a long one

G#m **B**

And these days are reruns

E **G#m**
A fine time for a breakdown

F# **B**

G#m **B** **E**
Cause the world moves on and the lights stay on

G#m **B**
For the next one, and next one, it s an ocean

C#m

G#m **B** **E**
But I can if I want to

G#m
There s so much that can change my mind

F# **B** **C#m**
So much of me has changed, how could I ever feel the same?

[Refrão]

E **F#**
So dive in, to my home

G#m **F#**
It s all I have, woah

E **F#**
So drive me, till the shore

G#m
Spoken like a real life savior

NASCAR, we re just racing in circles again

[Ponte] **E** **G#m**

City views killed the starlight

It s terrifying when you wake up

A few years later it s a new time

B G#m
Hard to see how it stands from the inside

F# B C#m
Inside, it s tried if it s tiring

You then, leave
