FORMALDEHYDE

          C                          Dm  
Would you butcher my love  
      C                          Dm  
To understand it?  
Am                          Dm  
To know where it lies,  
      C                          Dm  
Cut a hole in my heart.  
      C                          Dm  
Fill a hole in your life,  
Am                          Dm  
I m yours to dissect.

      C  
Now does every heartbeat,  
                                  G  
Burn a white heat in your blood?

      C          Dm  
Formaldehyde.

      C          Dm

      C                          Dm  
The tissue and bone  
      C                          Dm  
My soul has on loan  
Am                          Dm  
Begs to be near you.  
      C                          Dm  
Are you listening carefully?  
      C                          Dm  
Then we shall begin.

Am          Dm

      C  
Now does every heartbeat,  
                                  G  
Burn a white heat in your blood?  
      Am  
I hope it doesn t matter,

**F**

I hope we swim up out of this flood.

**Am**

Of formaldehyde, (Never let you go)
