

Holy City

Edwin McCain

I know for a fact that this is right!!!!

D	Asus2	F#m7	E
	Midnight in the holy		city

D	Asus2	E
A playground for restless souls		

D	Asus2	F#m7	E
And graveyards for the sons of fort sumpter			

And the ghostly daughter wait for their boys to come home

Moonlight in the holy city
So thick it warms the air
I burned my heart on a sweet southern flame
Like a hug from your mama sayin it will be okay

Chorus :

D Asus2
Spilt my blood in the holy city
F#m7 E

Seen the flood of a thousand rains
D Asus2
Ran away from the holy city

Bsus
D **Asus2** **F#m7** **E**
 Heard the spirits in the steeple singin youll be back again
D **Asus2** **E**
 Youll be back brother

Its sunrise in the holy city
The kings and queens shuffle by.
Oh im born here of my own ashes
Just lay me down there until I die

Chorus

After second chorus play the verse a few times, just whatever you want. I like to do it
two times singing you'll be back, you'll be back again some day, you'll be back brother,
but it is whatever you want.

Bridge

F#m7	Bm7
Oh I see visions lord I see visions	
Asus2	E
Hanging in the summer sky	

Bm7 D
I fell in love lost my heart
Esus E
I Laughed until I cried
