This is my favourite Eels song...It is not yet on any of the albums, but  
It s brilliant.

**Eb Bb F Eb**

Guess I m doing something wrong  
Never feel right in these shoes  
Pocket full of matches and a head full of flame  
I ve got to warn you that I m bad news

**Gm Bb/B Bb Bb/B x2**

**Eb Bb F Eb**

She tucks me in and then she screams  
One day you will have to choose  
Either take care of me or take care of you  
And don t pretend your not bad news

**Gm Bb/B Bb Bb/B**

**Eb Bb F Eb**

Come on now I ll take you home  
You have got nothing to lose  
But stick around long enough and you ll find out  
I am nothing but bad news

**Eb Bb F Eb**

You can never change where your from  
No matter I will accuse  
Gonna get with a better life  
And one day I won t be bad news

**Gm Bb/B Bb Bb/B**

It s the same everyday when I wake up  
It s the same in the way that you gave me up

**Eb Bb F Eb**

In the middle of a swan dive

**Eb Bb**

And I was soaring down

**F Eb**

Perfect and slow.

Cheers!
