Band: EELS

Song: BEGINNER S LUCK

Album: HOMBRE LOBO

Verse 1:

**C** **E**  
All my life I had this funny little feeling  
**Am** **F** **G**  
Came and went time and again in all my daily dealings  
**C** **E**  
Call it a deficit, an emptiness inside  
**Am** **F** **G**  
Why is true love hard to find, why does true love hide

Prechorus:

**F** **E**  
But now I found you and I know that we would be  
**E** **G** **Am**  
So very happy if you could only see  
**F** **G**  
That I was made for you and you were made for me

Chorus:

**C** **E**  
The road in front of us is long and it is wide  
**Am** **F** **G**  
We ve got beginner s luck, we ve got it on our side  
**C** **E**  
With you I will and well I think I m qualified  
**Am** **F** **G**  
And with beginner s luck we ve got to take the ride

Verse 2:

I ve got a plan you know I ve got it all worked out  
And all you gotta do is pack your bags and check your doubts  
You come around and you will see just what I am  
A true love through the worst of times, a true love to the end

Prechorus:

So now you found me and you only gotta see

How complementary we could really be  
Cos I was made for you and you were made for me

Chorus:

The road in front of us is long and it is wide  
We've got beginner's luck, we've got it on our side  
We will be stronger if our forces are aligned  
And with beginner's luck we've got to take the ride

We'll take the ride as far as anyone can go  
We'll pray hand in hand until the toe  
I've got it all worked out don't worry about a thing  
Just give your hand to me, and here, put on this ring

Chorus:

The road in front of us is long and it is wide  
We've got beginner's luck, we've got it on our side  
With you I will and well I think I'm qualified  
And with beginner's luck we've got to take the ride
