F **C**
Take heart, my little friend

Em **D**
And push back your seat

F **C**
Soon we ll be far away

Em **D**
Far from the street

F **C**
Where you learned how to be

Em **D**
Not what you are

F Em C D x2 pick the last 3 strings of each chord
just improvise, listen to the song
for exact play.

Up on the shoulder
There is a town
With a little motel
And an old movie house
We ll go to a movie
Whatever it is

Watchin the movie

Repeat **F C Em D**

The world s gonna end
And there ain t no place for
A boy and his friend
To go

for each verse
same as above

I ll pick some daisies
From the flower bed
Of the Galaxy Theater
While you clear your head
I thought some daisies
Might cheer you up

CaddG **Em** D
