

Man Up

Eels

As far as I can tell this is an incredibly simple song. Anyway here you go, I think you can pick it up from here.

Man Up

Eels

Capo 2

C G F G

In my heart of hearts I know it well
Been giving myself the soft sell
Anyone can see that i ve been running away
Not facing the day that s here

C G

It s time to man up

F G

I m man enough
It s time to man up
I m man enough
I m man enough for you
It s time to man up

The phone is off, the blinds are down
Me and my heart are out of town
The sign is hammered up Do not disturb
Don t say another word to me

It s time to man up
I m man enough
I m man enough for you
It s time to man up
I m man enough
I m man enough for you
It s time to man up

In my heart of hearts I know it well
I hit the ground hard when I fell
Not licking wounds but more like sewing them up
Man it was rough for me

But it s time to man up
I m man enough
I m man enough for you
It s time to man up

I m man enough

I m man enough for you

It s time to man up
