Your Lucky Day In Hell - Eels

From the album, Beautiful Freak (1997)

LP Version

[Transcribed by TNT SHWE]

Notes:

Here s a nice Halloween-ish song transcribed especially for Halloween night. The song couldn t come from a freakier band. The Eels are definitely the experts when it comes to delivering cold haunting melodies combined with eerie lyrics. This is one of my favourite tracks off their fabulous album. This one would happily fit into a good horror movie and couldn t come at a better time, with the horror genre going retro! Go ahead, I dare you to play this one alone!

To make the most out of the chords, play all the sections except the Choruses with lots of added bass. Play the Choruses with light sweep picking movements.

Recommended Chord Positions:

Am	x02210
C	x32010
Dm	xx0231
F/E	x33210
