

Backfire

Egypt Central

[Intro]

Bm G Bm G

[Verse]

D **G**
Get me out of this god forsaken city
D
Let me start over somewhere new
G
All my friends have turned up missing
Bm
And I can't blame it on my youth
A
Throw my heart in the well of wishing
D
Pay my toll to just move on
G
Ask myself to please forgive me
D
All my innocence is gone

[Chorus]

Bm
Backfire
A **G**
The backfire from all these choices you're scared to make
Bm
Cause they backfire
A **G** **A**
The backfire from all these choices you're scared to make

[Verse]

D **G**
All the streetlights lead me to the river
D
All my ghosts not far behind
G
If I could leave this town forever
Bm
It seems like no one's on my side
A
Duck your head and run for cover
D
Cross that bridge and just move on
G
Save myself but lose another
D

My innocence is gone
