

Dornentanz

Eisbrecher

There are two parts, and I will give you the arrangement.

(Note: The rhythm is a bit weird, so I will let you figure out the general rhythm)

Chorus

```

|-333--333-4~--333--333-4~-----|
|-333--333-4~--333--333-4~-3-333-----|
```

Bridge

```
|-----|
|-----|
|-----|
|-3~----4~----3~----4~-----|
|-3~----4~----3~----4~-----|
|-3~----4~----3~----4~-----|
```

Arrangement

(Note: There is alot of synth, guitar is used like 10% of the whole song, so rather than

synth being written for guitar, guitar has been written to fit in with the synth. I

note which rifts fit where)
