

If You're Wondering
Eisley

first tab, I'm pretty sure about everything except for the Bm7--you could use a normal minor but I think Bm7 sounds better the way I play it (finger picking the bass note then string pattern: 3,4,3,5,4,3,4 [1 being the low E]).

if you have any suggestions I'm open! thanks

Eisley - If You're Wondering

G **C**
Cast about the night with your hands and
G **C**
space the space inside of our heads and
G **C**
With the fighting fighter inside I
G **C**
ran with all the thrilling I hide and
Am **Bm7**
I was wanting you to show me
C **D**
I was wondering all the time
C **G**
But if the moon shines on
C **G**
you while you're sleeping
C **G** **C** **G** **Em**
It will show you all that you're feeling inside

G **C**
You buckle it all down
G **C**
and spread the feel of gladness around
Am **Bm7**
And if I'm wondering then you show me
C **D**
If you're wondering I know that
C **G**
If the moon shines on
C **G**
you while you're sleeping
C **G** **C** **G**
It will show you all that I'm feeling

Em **D**

And I thought that I

C

had all that

D

that I wanted but

Em **D**

boy was I wrong

C

as were you

D

Now I know

C **G**

If the moon shines on

C **G**

you while you re sleeping

C **G** **C** **G**

It will show you all that I m feeling

Am **Bm7**

And if I m wondering then you show me

C **D** **G**

If you re wondering I know
