Play on 2nd Fret

Mr. Moon By Eisley

Em, C

There i sat alone in the car the weight of what you d done around me
oh all around me
and with the water rushing down my eyes
it was all that i could do, not to scream

G D (it s actually not **D** but some other chord but **D** works too), **Em-G, D**

but oh, it s alright, now it s over, oh baby, this was the night
and oh mr. moon, shines down on my home,
it s where i belong
without you

Em, C

recall, i want a recall, you are crying on my telephone
but oh no, oh no no no no
bones crack and fingers blister, i might console you, but look at my sisters
brilliant like fireflies up in their bedroom

but oh, mister moon shines down on my home, it s where i belong
without you
and oh, what can be said for the gift that has
flown into my hand? in my hand

Em, C

There i sat alone in the car,
the weight of what you d done around me all around me

Em, C

Oh no, no no no
