Send me the pillow that you dream on  
So that I can dream on it too  
And say a special prayer for me my darling, darling dear  
Pray that this dream will come true

Although sometimes we may be far apart  
But for you I got a place in my heart  
So say a special prayer for me, my darling, darling dear  
Pray that this dream will come true

(Instrumental)

Although sometimes we may be far apart  
But for you I got a place in my heart  
So say a special prayer for me,  
My darling, darling dear  
Pray that this dream will come true

So send me the pillow that you dream on  
So that I can dream on it too  
And say a special prayer for me my darling, darling dear  
Pray that this dream will come true  
Pray that this dream will come true

Whoa lord

Although I know we may seem far apart  
But, for you I got a place in my heart  
So say a special prayer for me my darling, darling dear  
Whoa lord pray that this dream will come true  
Pray that this dream will come true

Pray that this dream will come true
