

Lost on the tide So cold inside  
          **C**                  **Bb**                  **G**  
Do you know I've been out of my mind  
          **C**                  **Bb**                  **G**  
Cos I know what you fear you will find  
          **F**  
You were talking to some girl  
  **G**  
Who said that she'd seen you before  
          **F**  
Oh my head's such a mess  
  **G**  
Till I hear your key in the door  
          **F**                  **G**  
Oh yeah..., Oh yeah
