

Lost on the tide So cold inside  
          **C#**                  **B**                  **G#**  
Do you know I ve been out of my mind  
          **C#**                  **B**                  **G#**  
Cos I know what you fear you will find  
          **F#**  
You were talking to some girl  
  **G#**  
Who said that she d seen you before  
          **F#**  
Oh my head s such a mess  
  **G#**  
Till I hear your key in the door  
          **F#**                  **G#**  
Oh yeah..., Oh yeah
