 A1
V1: they re pacing picadilly in packs again
 and moaning for the mercy of a never come rain
 the sun s had enough and the shimmering sky
 has the heave and the hugh of the woman on fire
 shop shutters rattle down and i m cutting the crowd
    D5
 all scented and descending from the satellite towns
 the neon is graffiti singing make a new start
 so i look for a plot where i can bury my broken heart
C1: no, i know i won t forget you, but i ll forget myself
```

```
A5
V2: the man on the door has a head like mars
        D5
 like a baby born to the doors of the bars
 and surrounded by steam with his folded arms
 he s got that urban genie thing going on
 he s so mercifully free of the pressures of grace
 saint peter in satin, he s like budah with mace
 he s so mercifully free of the pressures of grace
 saint peter in satin, he s like budah with mace
                              D
C2: no, i know i won t forget you, but i ll forget myself
 if the city will forgive me
 if the city will forgive me
```

no, i know i won t forget you, but i ll forget myself

A5 D5 MID: do you move through the room with a glass in your hand? thinking too hard about the way you stand? are you watching them pair off and drinking them long? falling in love every second song D5 do you move through the room with a glass in your hand? D5 thinking too hard about the way you stand? are you watching them pair off and drinking them long? are you falling in love are you falling in love are you falling in love every second song?
