COSMIC CASTAWAY - ELECTRASY

**C#**

Lose my head to the chemical freeway  
Comin up on overload  
In a mystic new dimension  
Purify and sanctify me  
What, so I m in no end game  
Move my piece right off the board  
Losing sure is easy so I am no more

**Eb C Gm G#**  
But I m not broken, in my dream I win  
**Eb C Bb G# Eb**  
In here I m nothing, a Cosmic Castaway

In my head I m a chemical dreamer  
Speed up to burn out mode  
Comin up in the 5th dimension  
Beautify don t crucify me, yeah  
So I need no mind game poisoning my lonely soul  
Losing sure is easy so I am no more

**Eb C Gm G#**  
But I m not broken, in my dream I win  
**Eb C Bb G# Bb**  
And I take over, coz I m no loser  
**Eb C Gm G#**  
And I m in and you re not, bad dreams don t stop  
**Eb C Bb G# Eb**  
But I m all screwed up, a Cosmic Castaway  
**Bb G# Eb Bb G# Eb**  
a Cosmic Castaway, a Cosmic Castaway

And I want but have not  
Bad dreams, lust thoughts  
In here with no pain, you hurt me again  
And I want but have none  
I should beat the alien  
But here I m no one, a Cosmic Castaway  
a Cosmic Castaway, a Cosmic Castaway  
a Cosmic Castaway
