

**This Head I Hold**  
**Electric Guest**

[Verse 1]

They call me, a little grown up  
See, Iâ€™m upset because I ve always been stuck  
But I donâ€™t know what it is Iâ€™m without  
Guess Iâ€™m in love with always feeling down  
See the problem was I  
Was fully consumed  
With all of the petty things that I couldnâ€™t do  
All of the plastic products, shows and woes  
I didn t ever show, I let it go  
So I listen while Iâ€™m told

[Chorus]

Sit back, donâ€™t think, get high  
Take drink, sit back, donâ€™t think  
The more I listen the deeper I sink  
Oooo  
I go higher and I say ooo  
Oh ooo I go higher  
This head that I hold is so tired  
And I say oohh no I go higher  
And I said Oohh whatâ€™s it gon, whatâ€™s it gonna be,  
Make me say oohh, whatâ€™s it gon, whatâ€™s it gonna be  
Iâ€™m feelinâ€™ so cold, but they wonâ€™t, but they wonâ€™t  
believe

**G/E**

**Dm**

Make me say oh, oh , oh , oh , ohh

[Verse 2]

So find me stuck in some scene  
I wanna get out but thereâ€™s no in between  
So I sit back as I watch the crowd go  
Never assuming that it s something so low  
See the answer is this  
If I wanna be free  
I gotta stop playinâ€™ round and runninâ€™ from me  
Cuz all of the plastic products, shows and woes  
Got my head feelinâ€™ low, no room to grow  
So I listen while Iâ€™m told

[Chorus]

And I say no go higher
