The Lights Go Down
Electric Light Orchestra (ELO)

Intro: (**C# F# G#**)

```
  C#      F#  G#          C#             F#
One day,  I gotta get out of here,
  G#         C#                F#  G#      C#     F#  G#
I gotta make everything clear,  I gotta see you.
  C#    F#   G#         C#                F#
I know,  The way that I feel is wrong, so wrong.
     G#     Bbm      G# F#      G#          C#     F#  G#
But I gotta carry on,    When you ain t around.
```

```
  C#                    Bbm
I believe things are going wrong,
        Ebm                  G#
And the nights goes on and on,
         C#                 Bbm
All your dreams have flown away,
        Ebm                 G#     C#
And the sun won t shine today.
```

>Refrão>---VVV

```
            F#                  G#     C#
The lights go down (I want you baby)
            F#                  G#     C#
The lights go down (I need you baby)
            F#
The lights go down
          Bbm        Ebm   G#
And there s no one around.
```

>Refrão>---AAA

C# F# G#

```
   C#  F#  G#          C#            F#
I know,  you re waiting so close to me,
  G#        C#                F#  G#      C#     F#  G#
But how will you ever see, as time rolls away.
  C#    F#   G#         C#                F#
Lonely,  but trying to be so proud,
     G#     Bbm      G# F#      G#          C#     F#  G#
And just as I turn around, the lights go down.
```

```
   C#                    Bbm
```

```
I believe things are going wrong,
        Ebm                     G#
And the nights go on and on,
         C#                     Bbm
All your dreams have flown away,
        Ebm                 G#      C#
And the sun won t shine today.

(Refrão) Three times
