Chorus:

I looked around I climbed up high into the dawn  
But she was gone with the night  
I thought about the things she said  
And all the things we d done  
But where could she run - she ran away  
There s just no answer to give

I still hear her calling out to me  
I still listen for her endlessly  
But it never even crossed my mind she was a cheater
