

Getting To The Point  
Electric Light Orchestra

It s out of control (out of control) and there s nothing I can do now  
Out of control (out of control) Swimming softly through the blue now  
And look beyond these walls as the meaning starts to dawn  
It s getting to the point getting to the point.

It s out of control (nothing I can do) like a fire that keeps on burning  
And nobody knows (what I m going through) and the thoughts just keep returning  
And all you had to say was that you were gonna stay  
It s getting to the point it s getting to the point.

It s getting to the point where nobody can stop it now  
It s getting to the point of no return  
And all that I can do  
Is stand and watch it now watch it burn, burn, burn

It s getting to the point where reasons are forgotten  
It s getting to the point where no one knows  
And all that I can do is say I m sorry  
But that s the way it goes... Getting to the point.

\*(Second time: But that s the way it goes, hey...ey)

Forever is a long, long way  
Forever, takes your breath away

I d like to talk about it, try to understand
