Sweet Is The Night
Electric Light Orchestra

[Intro]

E   A   B   B9   (x3)

Aadd9   Emaj7/G#   F#m7   Am9

[Verse 1]

```
        E                             G#m7
When the day is done and there s nowhere to run
       A                            A/B       B
And the people of the city have all lost and won
       E           G#m7
In your city dress you stand you stare
       A                            A/B         B
And you smoke another cigarette and comb your hair
         Aadd9        Emaj7/G#
And the light that shines
F#m7             B
Paints a trace of sadness
      Aadd9        Emaj7/G#
On the street I wait
    F#m7              B         Aadd9
But I can t seem to get to you
```

[Verse 2]

```
        E                             G#m7
Oh, you start to sway, check your Cartier
         A                          A/B         B
 Cos it s getting late, you can t afford to wait
      E                G#m7
So you move along where it s going on
         A                             A/B         B
And the people of the night are playing  till the dawn
          Aadd9   Emaj7/G#
And the sun that shines
F#m7                B
Paints a trace of sadness
       Aadd9         Emaj7/G#
In your eyes that cry
F#m7          B
Wishing and hoping
    Aadd9
Oh Oh
```

[Chorus]

```
E                     A
Sweet sweet is the night
    B    B9
Now you are near
E                       A
Dark dark were the days
      B   B9
They disappear
E                     A
Sweet sweet is the night
    B         Aadd9  Emaj7/G#  F#m7  Am9
Now you are near
```

[Verse 3]

```
        E                           G#m7
Well you did your thing and you lost your wings
        A                   A/B      B
And you hurt so bad you lost everything
        E                   G#m7
And the tears that fall on the city wall
    A                   A/B      B
Will fade away with the rays of morning
Aadd9       Emaj7/G#
Light that shines
F#m7                B                     Aadd9    E
Paints a smile across your pretty face I know
F#m7          B
Everything is alright
     Aadd9
Yeah alright
```

[Chorus]

```
E                     A
Sweet sweet is the night
    B    B9
Now you are near
E                       A
Dark dark were the days
     B   B9
They disappear
E                     A
Sweet sweet is the night
    B         Aadd9  Emaj7/G#  F#m7  Am9
Now you are near
```

[Outro]

```
E                        A
Sweet sweet is the night
     B    B9
Now you are near
E                        A
Dark dark were the days
       B   B9
They disappear
E                        A
Sweet sweet is the night
     B    B9   C   C/B   A
Now you are near
     A/G        F#m   F#m/B   E
Now you are near
C   E
```
