I ll be rising high above the earth so soon
A **A7** **Em** **Dadd9 D**
And the tears I cry might turn into the rain

That gently falls upon your window

You ll never know

C

Fly, fly through a troubled sky

D **Em** **Aadd9**

Up to a new world shining bright, oh, oh

Flying high above

Soaring madly through the mysteries that come

Wondering sadly if the ways that led me here

Could turn around and I would see you there

Standing there

Ticket to the moon

Flight leaves here today from satellite two

As the minutes go by, what should I do?

I paid the fare, what more can I say?

It s just one way...

Repeat chorus:
