(Intro) **E B A F#m7sus4**

(Verse 1)

E

We use to pull off highway 249

B

A

Had a cool little place where we d go hide on a Friday night

And get away from the city lights

E

We d find a little wood and build a fire

B

Somebody d always bring a couple guitars

A

And we'd take turns singin' songs and watching it burn
F#m7sus4 **A**
We'd do Ramblin' Man Proud Mary and American Band
F#m7sus4 **A**
We'd be singin' at the top of our lungs

(Chorus)

E
It was always the love songs every time
B
Made everybody feel something inside
A
With the fire down low held your girl real close
E
Made you wanna love the one you were with
B
Gave you the courage of that first kiss
A **B** **E**
It was the love songs always the love songs

(Verse 2)

E
There was always a line stuck in your head
B **A**
That was said in a way you wished you could've said

But you both knew they were singin' it right to you
E
It felt so good those times you had
B
That feelin' of wanting somebody so bad
A
Made you weak in the heart you couldn't take being apart
F#m7sus4 **A**
Honky-tonk drinkin' songs we could do 'em all night long
F#m7sus4 **A**
But the ones I remember the most

E
It was always the love songs every time
B
Made everybody feel something inside
A
With the fire down low held your girl real close

E

Made you wanna love the one you were with

B

Gave you the courage of that first kiss
