[Verse 1]

**G**

I got a little drunk last night

**Em**

There s something bout a midnight rain

**C**

**D**

Staring at the ceiling fan

**G**

I couldn t get you off my brain

[Verse 2]

I guess I wasn t thinking straight

**Em**

I couldn t tell wrong from right

**C**

**D**

I went ahead and called you up

**G**

I got a little drunk last night

[Chorus]

**C**

I brought it all up, got it all out

**Em**

What is it worth, to both of us now

**G**

**D**

It s off my chest, but never off my mind

**C**

Two drinks in, you got hurt,

**Em**

You feel bad, and I feel worse

**G**

**D**

I swear it s the last the last time every time

Don t know why

**G**

Might ve been a song on the radio

Might ve been nothing, baby I don t know

**Em**

Might ve been a little too tired to fight

**D**

**G**

Might ve been I got a little drunk last night

[Verse 3]

**G**

I got a little too far gone

**Em**

I was talking way too loud

**C**

I don't remember what I said

**G**

I just remember breaking down

[Chorus]

**C**

I brought it all up, got it all out

**Em**

What is it worth, to both of us now

**G**

**D**

It's off my chest, but never off my mind

**C**

Two drinks in, you got hurt,

**Em**

You feel bad, and I feel worse

**G**

**D**

I swear it's the last the last time every time

Don't know why

**G**

Might've been a song on the radio

Might've been nothing, I don't know

**Em**

Might've been a girl who looked like you

Might've been a fluke, might've been a full moon

**C**

Might've been a little too tired to fight

**D**

**C**

Might've been I got a little drunk

[Instrumental:] **Em G D**

**D**

Might've been a girl who looked like you

Might've been a fluke, might've been a full moon

**C**

Might ve been a little too tired to fight

**D**

Might ve been I got a little drunk

[Chorus]

**C**

I brought it all up, got it all out

**Em**

What is it worth, to both of us now

**G**

**D**

It s off my chest, but never off my mind

**C**

Two drinks in, you got hurt,

**Em**

You feel bad, and I feel worse

**G**

**D**

**G**

I swear it s the last the last time every time

**Em**

I got a little drunk last night

**C**

I got a little drunk last night

Thought I could keep it all inside
