

How Should I Know
Eli Young Band

Intro: **F#**

Verse 1:

F#

If it feels so right Feels safe and sound

C# B F#

How can the sky be falling down

F#

If it's all good love Two good hearts

C# B F#

How can we fall so far apart

Chorus:

Ebm B F# C#

How can hearts be breaking in the middle of the night

Ebm B F# C#

How can strings come unwound when they've held so tight

Ebm B F# C# B

On the ride down this road if it's time, time to let go

C# F#

Tell me, how should I know

Verse 2:

If we're still on fire

The burn's still there

Why can't we find flames anywhere

If the sun still shines

No sign of rain

How come nothing's quite the same

Chorus

Solo (Same as Chorus)

Verse 3:

Can't help but think

I'll find the answer

Is lying right there next to her

Chorus

End: **F#**
