C# C# C#-D B B B-D

Together, here we are, boy and girl walk alone

Together moving like clouds

Together billions the soldiers of love in the dark

C# C# C#-D B B B-A

Together until one will see the light

E

All the way alone, alone, alone, alone

C# C# C#-D B B B A

But together we ll always want to be

[chorus]

C#m

Do you wanna keep safe and keep control

A F#

and stay rich with your money and decide for it all? (X2)

C# C# C#-D B B B-A

Do you?

Together the bullets fly just like birds in the sky

Together we re both paralyzed

Together drop by drop one by one til water falls

If it s a game we re supposed to know we re playing

How come some don t know?

Don t know, don t know, don t know

And together is all they need to be

[chorus]
