**C# C# C#-D B B B-D**

Together, here we are, boy and girl walk alone  
Together moving like clouds  
Together billions the soldiers of love in the dark

**C# C# C#-D B B B-A**

Together until one will see the light

**E**

All the way alone, alone, alone, alone

**C# C# C#-D B B B A**

But together we ll always want to be

[chorus]

**C#m**

Do you wanna keep safe and keep control

**A F#**

and stay rich with your money and decide for it all? (X2)

**C# C# C#-D B B B-A**

Do you?

Together the bullets fly just like birds in the sky  
Together we re both paralyzed  
Together drop by drop one by one til water falls  
If it s a game we re supposed to know we re playing

How come some don t know?  
Don t know, don t know, don t know

And together is all they need to be

[chorus]
