Right over the line, you could be mine

On the bor.....derline

Verse 2: [use verse 1 chords]

Baby I don t want you to see me this way
So vulnerable I d give my heart away and it makes me weak
It used to be I was a rock of Gibraltar

Now I stumble all over my feet and I falter when I try to speak

Chorus 2: [use chorus 1 chords]

Out on the edge of the great divide, the unspeakable chasm between us
And the places we run to though we can not hide from the neon sign
On the borderline

Chorus 3: [use chorus 1 chords]

I don t want to waste anymore time around here
If no is going to throw me a heart-line
Oh it might just be the right thing to just disappear by the morning time
From the borderline
From the borderline
