

**Bright Star**

**Eliza Rickman**

[Verse 1]

**Bb** **Dm**  
All eyes were on your glow  
**Gm** **F**  
When you scattered on my shore  
**Bb** **Dm**  
Head on from Scorpio  
**Gm** **F**  
With a trail of vertigo  
**Bb** **Dm**  
I called you for my own  
**Gm** **F**  
And then light years you rode  
**Bb** **Dm**  
My kismet meteor  
**Gm** **F**  
Burnt out when I took hold

[Pre-Chorus]

**Eb**  
Not now, not then  
**F**  
Forever never naught  
**Eb**  
The tie that binds  
**F**  
Your torrent bright and tumbling

[Chorus]

**Bb Dm Gm F Bb Dm Gm F**  
Down, down, down, down

[Verse 2]

**Bb** **Dm**  
The straight and narrow  
**Gm** **F**  
Is the pathway you chose  
**Bb** **Dm**  
The long and winding road  
**Gm** **F**  
Is the journey you trode

[Pre-Chorus]

**Eb**  
Not now, not then  
**F**

Forever never naught

**Eb**

The tie that binds

**F**

Your torrent bright and tumbling

[Chorus]

**Bb Dm Gm F Bb Dm Gm F**

Down, down, down, down

**Bb Dm Gm F**
