(INTRO) **C/G G F E**

(VERSE 1) **C/G** **G**
Sleep with dried up tears
 F **E**
 Sleep with our dried up hearts
 C **G**
 Love I give
 F **E**
 Is nothing you wish.

(CHORUS) **F** **G** **F** **E**
I sleep alone I walk alone
 F **G** **F** **E**
 I sleep alone I cry alone.

C/G G F E

(VERSE 2) Mountains of dust are headless strangers again
You start your last dreams
Youâ€™d rather not feel
The weight of our fears
The weight of our kiss.

(CHORUS)

C/G G F E

(Verse 3)
So Iâ€™m tasting the sky
You make me want to never die

(CHORUS)

I sleep alone
For you I cry
I sleep alone
I walk alone
I cryâ€|
