{Verse I}

Em D/Bb D/A E9

A/B

The bands were playing

G D/F#

I say I'm over you

A

But I'm not sure that it's true

{Chorus}

D

I am falling

A

And I'm too weak to fly

Em

Now my heart's wide open

G

And you're the reason why

D

I've been broken

A

From the scars that I forgave

Em

Spent a long time running

G

From the mess we ve made

A

And no oh

A

But I d do it all again

Come on, heart let me in

Em A

Things can be so bright

Em A

and the weight could be lighter

Em D/Bb D/A E9

And we both know so don't pretend

Em A

Makes it all so hard

Em A

when I see that we're far

G D/F#

From the way we were,

A

From the nights we danced

A/B

The bands were playing

G D/F#

I say I m over you

A

But I m not sure that it s true

{*Chorus*}

From the scars that I forgave

Bm

Spent a long time running

G

From the mess we ve made

Bm

And oh

{Bridge}

Em

If I found a way just to hit rewind

A/C#

Would it be enough to change your mind

D

Em

And this time I'd make you stay

Em

And I remember how we used to be

A/C#

And giving you up ain't so easy

D

A

But since you walked away

{Chorus}

D

I am falling

A

And I m too weak to fly

Bm

Now my heart s wide open

G

And you re the reason why

D

I ve been broken

A

From the scars that I forgave

Spent a long time running

G

I know, I d do it all again -----
