Anything Could Happen
Ellie Goulding

CAPO 5

[Chorus]

G#
Stripped to the waist
We fall into the river

G#
Cover your eyes
So you don t know the secret

G#   **C#**
I ve been trying to hide
We held our breath
To see our names are written

 C#   **G#**
On the wreck of 86
That was the year
I knew the panic was over

 G#   **C#**
Yes since we found out
Since we found out

[Hook]

                      Bbm
That anything could happen
Anything could happen

                    C#
Anything could happen
Anything could happen

                    Bbm
Anything could happen
Anything could happen

C#
Anything could

G# - **C#**

[Verse 1]

  G#
After the war we said we d fight together
I guess we thought that s just what humans do

            C#
Letting darkness grow
As if we need its palette and we need its colour

                    Bbm
But now I ve seen it through
                  C#
And now I know the truth

[Hook]

                 Bbm
That anything could happen
Anything could happen

           C#
Anything could happen
Anything could happen

             Bbm
Anything could happen
Anything could happen

C#
Anything could

G# - **C#**
G# - **C#**

[Verse 2]

C#   **Bbm**
Baby, I ll give you everything you need
                            C#
I ll give you everything you need, oh
                      Bbm
I ll give you everything you need
                          G#
But I don t think I need you

[Chorus]

G#
Stripped to the waist

We fall into the river

G#
Cover your eyes
So you don t know the secret

G#   **C#**
I ve been trying to hide
We held our breath
To see our names are written

On the wreck of 86

Anything could happen
Anything could happen

C#
Anything could
