G

You trembled like you d seen a ghost

And I gave in

G

I lack the things you need the most, you said where have you been

G

You wasted all that sweetness to run and hide

I wonder why

G

I remind you of the days you poured your heart into

But you never tried

Em

I ve fallen from grace

Took a blow to my face

C

I ve loved and I ve lost

D

I ve loved and I ve lost

G C Em

G

Explosions...on the day you wake up

Em D Bm C

Needing somebody and you ve learned

G C

It s okay to be afraid

G

But it will never be the same

Em

It will never be the same

G Em

You left my soul bleeding in the dark

G Em

So you could be king

G Em

The rules you set are still untold to me and I

G **Em**
lost my faith in everything

Bm **Em**
The nights you could cope, your intentions were gold

G **Bm**
But the mountains will shake

D
I need to know I can still make

G C Em **G**
Explosions...on the day you wake up
Em D Bm C

Needing somebody and you ve learned

G **C**
It s okay to be afraid

G
But it will never be the same

Em G Am C

Em **G**
And as the floods move in

Am
And your body starts to sink

C
I was the last thing on your mind

Em
I know you better than you think

D **Am**
Cause it s simple darling, I gave you a warning

C **Em**
Now everything you own is falling from the sky in pieces

G **Am**
So watch them fall with you, in slow motion

C
I pray that you will find peace of mind

Em
And I ll find you another time

D **Am**
I ll love you, another time

G C Em **G**
Explosions...on the day you wake up
Em D Bm C

Needing somebody and you ve learned

G **C**
It s okay to be afraid

G
But it will never be the same
