

Hearts Without Chains
Ellie Goulding

Capo I

...

C#m - A

You wake up and you know it s time to go

C#m - A

with spending heads I lie on what you smoke

C#m - A

chase the hands on the wall, can hold you close

G# - B

this misery is weightless as a stone.

C#m - A

have you lost the same things I have lost?

C#m - A

do you know that panic I know?!

C#m - A

would I see the terror in your eyes

G# - B

did you know that fever I know?!

A - B - C#m

I wish time was still,

A - B - C#m

we d stay right here

C#m - A

with time to keep

E - B - A

in our hearts without chains.

A - B - C#m

And if time was still

A - B - C#m

we d have no fear,

C#m - A

or scars to heal

E - B - A

in our hearts without chains

E - B - A - (G#m)

in our hearts without chains

C#m - A

you left everything behind except yourself

C#m - A

And all i see these question marks nothing else

C#m - A

you must have landed in new york by now

C# - B

please don t bring this love down

C#m - A

and have you lost the same things I have lost?

C#m - A

do you know the panic? i know

C#m - A

and would i see the terror in your face

G# - B

do you know that fever why no?

A - B - C#m

I wish time was still,

A - B - C#m

we d stay right here

C#m - A

with time to keep

E - B - A

in our hearts without chains.

A - B - C#m

And if time was still

A - B - C#m

we d have no fear,

C#m - A

or scars to heal

E - B - A

in our hearts without chains

E - B - A (G#m)

in our hearts without chains
