

**Little Dreams**  
**Ellie Goulding**

Its all the time the same, but not the beginning. I cant do the beginning part.  
Please help me. That starts with **Am** and than? And the rest is correct for sure^^

Lg Elysall3

Little Dreams " Ellie Goulding

**Am**

**Am**

If a plane crashed into my room

**F**

I wouldn t even flinch

**G**

I couldnt try to move

**Am**

My mind is on you

**F G**

My mind is on you

**Am**

If the streetlight smashed above me

**F**

I wouldn t move an inch

**G**

Turn the glass into stars

**Am**

And your face is the moon

**F**

And the night turns to you

**G**

Cos my mind is on you

You ve got me caught in a place

Panic for a minute

Got my brain in a daze

I wish you weren t in it

There are so many ways

To lose your attention

You can break everything

But so I can take anything

I can take anything

I can take anything

If electric charges shock me

I smile and fold my arms  
I feel nothing new  
Because my mind is on you

My mind is on you

And if the floor gives way to my shoes  
I wouldn't try to fly  
I can't explain why I feel  
I always feel you

I always feel, always feel you

You've got me caught in a place  
Panic for a minute  
Got my brain in a daze  
I wish you weren't in it  
There are so many ways  
To lose your attention  
You can break everything  
But so I can take anything

You're the heat in my bones  
But you break me with stones

You're the heat in my bones  
But you break me with your stones

If a plane crashed into my room  
I wouldn't even flinch  
I couldn't try to move  
My mind is always on you  
My mind is always on you

Caught in a place  
Panic for a minute  
Got my brain in a daze  
I wish you weren't in it  
There are so many ways  
To lose your attention  
You can break everything  
But so

Even when I'm caught in a place  
Panic for a minute  
Got my brain in a daze  
I wish you weren't in it  
There are so many ways  
To lose your attention  
You can break everything  
But so I can take anything
