Little Dreams Ellie Goulding

Its all the time the same, but not the beginning. I cant do the beginning part. Please help me. That starts with Am and than? And the rest is correct for sure^^

Little Dreams â€" Ellie Goulding

Am

Am

If a plane crashed into my room

F

I wouldn t even flinch

G

I couldnt try to move

Αm

My mind is on you

F G

My mind is on you

Am

If the streetlight smashed above me

F

I wouldn t move an inch

G

Turn the glass into stars

 \mathbf{Am}

And your face is the moon

F

And the night turns to you

G

Cos my mind is on you

You we got me caught in a place
Panic for a minute
Got my brain in a daze
I wish you weren t in it
There are so many ways
To lose your attention
You can break everything
But so I can take anything

I can take anything

I can take anything

If electric charges shock me

I smile and fold my arms
I feel nothing new
Because my mind is on you

My mind is on you

And if the floor gives way to my shoes I wouldn t try to fly I can t explain why I feel I always feel you

I always feel, always feel you

You ve got my caught in a place
Panic for a minute
Got my brain in a daze
I wish you weren t in it
There are so many ways
To lose your attention
You can break everything
But so I can take anything

Your the heat in my bones
But you break me with stones

You re the heat in my bones
But you break me with your stones

If a plane crashed into my room
I wouldn t even flinch
I couldnt try to move
My mind is always on you
My mind is always on you

Caught in a place
Panic for a minute
Got my brain in a daze
I wish you weren t in it
There are so many ways
To lose your attention
You can break everything
But so

Even when I m caught in a place
Panic for a minute
Got my brain in a daze
I wish you weren t in it
There are so many ways
To lose your attention
You can break everything
But so I can take anything
