**The Broken Minor**
**Elliot Minor**

Hey!! I love Elliot Minor and this is a realli good song!! This is my first tab
so i
its k...Any suggestions to improve the tab will be greatly appreciated

```
C
We ve broken down
              G
We re Fading Out
                 Dm        F
And you fall on your knees
      C        G
And stand defeat
        C
Just When
                                G
It feels like hell is freezing over
     Dm        F
Hold On, Embrace
        C    G
This Symphony

G                 Dm           F
Lets play the very first line
      C          G
It feels much better
         Dm          F
And its all in time
        C        G
Its coming together
           Dm          F
When the drums come in
        C          G
The keys get louder
              F           G           F
Now i m building a collission of chords

 F                    C
This time its not tiny voices
Dm                    Am
its a chorus of noise
    F              C
We re surfing a sea of places
 G
Now,now,now we re singing
F             C
A fanfare of sound
```

```
Dm                    A
Pulled out from within
 F                   C
We Fly through the Broken Minor
 G                        C      Am
Woh,woh,woh we ve come back down

   C
When you ve been let down
              G
its a bitter end
                 Dm        F
Everyone stands off, You know
       C      G
You re lost again
      C
The lights are fading
          G
And we re still escaping
     Dm         F
The city and twilight
        C                G
That marks and fills the sky

G              Dm        F
Lets play the very first line
     C         G
It feels much better
        Dm        F
And its all in time
      C         G
Its coming together
          Dm          F
When the drums come in
       C         G
The keys get louder
            F         G           F
Now i m building a collission of chords

 F                   C
This time its not tiny voices
Dm                 Am
its a chorus of noise
  F              C
We re surfing a sea of places
  G
Now,now,now we re singing
F           C
A fanfare of sound
Dm                A
Pulled out from within
 F                   C
We Fly through the Broken Minor
```

```
 G                           C     Am
Woh,woh,woh we ve come back down

 F                   G
Its not the last time
         Dm     F
I can t stay away

G                Dm          F
Lets play the very first line
      C           G
It feels much better
        Dm          F
And its all in time
       C         G
Its coming together
            F               G
When the chords start progressing
      F           G
We wait for the ending

F                    C
This time its not tiny voices
Dm                   Am
its a chorus of noise
   F              C
We re surfing a sea of places
 G
Now,now,now we re singing
F              C
A fanfare of sound
Dm                 A
Pulled out from within
 F                    C
We Fly through the Broken Minor
 G                       C     Am
Woh,woh,woh we ve come back down

(repeat chorus till end)
